Eight More Towns On Island Are Liberated By Advance Of U. S. Forces

FIGHT ON EDGE OF SAN PABLO

By GEORGE LAIT  
(U. S. Staff Correspondent)

GEN. MACARTHUR'S HEADQUARTERS, Philippines, Oct. 24.—American forces have liberated eight more towns on Leyte Island and are steadily progressing along the entire front in their battle to wrest the Philippines from Japanese control, Gen. Douglas MacArthur announced today.

MacArthur revealed the new American gains in his Tuesday morning communiqué and said that hard-charging American army units have advanced three miles beyond captured Tacloban, temporary capital of the Philippine commonwealth, in pursuit of enemy forces retreating to the north.

### PA NEWC Observes

Rain today caused the second postponement of the Franklin-Washington Junior High grid championship game at Taggart stadium. The game will be played on Saturday night, having been postponed from tonight.

During an early morning rainstorm there was quite a lot of thunder. According to weather forecasters that indicates warmer weather is in the offing.

Rains of late last week did much to alleviate dry conditions in woods and fields. However, they are drying again. Persons trekking through these sections should not toss away lighted matches or cigarettes. If they do a fire with consequent loss of game is practically certain.

Parks Director Joseph D. Alexander today warned persons against carrying fire-arms in city parks. The city prohibits hunting, Owen Fox, city forester, city police and game officials are watching for violations.

Although there were few squirrels around the wooded plots in the city last season quite a few are to be seen now in North Hill sections, some as far south as Wallace and Highland avenue. Most motorists seek to give the scampering squirrels time to cross highways rather than strike one.

Two weeks from today is national election day. The result of the balloting may not be known on the day following November 7, however, if the vote in the nation is close. There will be a large soldier vote to be tabulated and added to the result of the "vote cast in the United States. This soldier vote will not be counted in some states for a couple of weeks after election, so that the final outcome of the election may be delayed for some weeks after election day.

Arrest of a pedestrian as an outcome of violating traffic regulations at Mill and Washington street, should result in a lot of persons who fail to give much heed to the red and green lights at street intersections being more cautious. Too many persons seem to think that traffic regulations are made only for the other person.

### War Fund Campaign Workers Meet Tonight

More than 200 workers in the United War Fund drive will attend the opening dinner at six o'clock at The Castleton to prepare for an enthusiastic start of the campaign tomorrow morning.

With \$125,000 to raise, the campaign organization is determined to put the drive over the top in first rate fashion. The amount required is the same as last year's goal, when \$132,000 was actually raised.

Local agencies, as well as National War Fund institutions, will benefit from the drive, and all told, the

Changes Scheduled Speech At Minneapolis Tonight To Answer Latest Campaign Attack

By LEO W. O'BRIEN  
(U. S. Staff Correspondent)

ABOARD DEWEY CAMPAIGN TRAIN, Enroute To Minneapolis, Oct. 24.—Gov. Thomas E. Dewey, riding into Minnesota today for another blast at President Roosevelt's foreign policies, will tell a nation-wide radio audience tonight that huge pre-Pearl Harbor shipments of American scrap iron and oil to Japan constituted a major blunder on the part of the present administration.

The Republican presidential nominee, whose Minneapolis speech tonight will be broadcast between 9:30 and 10:00 p. m. (CWT), announced that it will serve to jog President Roosevelt's memory "on large areas of recent history."

Changes Plans  
He cancelled plans for a farm talk in Minnesota in order to reply while the matter is fresh, to the president's Saturday night speech on foreign affairs, in which the latter took sharp issues with the Dewey charges that the Roosevelt administration failed to prepare the nation for war.

"Mr. Roosevelt, I am afraid, took his history out of context," Gov. Dewey told reporters at a press conference aboard his train. "His memory seems to have failed him on large areas of recent history. So, I'll fill in this gap in my Minneapolis speech."

The GOP nominee said he had intended to make a farm speech tonight, but that he thought he could delay it for a few days "to fill in the context Mr. Roosevelt forgot to fill in Saturday night."

One of the items of "recent history" Gov. Dewey intends to dwell upon is the shipping of scrap iron and oil to a nation already plotting the sneak attack at Pearl Harbor.

### CLEVELAND BLAST DEATH TOLL IS 114

Estimate That At Least 28 More Bodies Will Be Found In Blasted Ruins

CLEVELAND, Oct. 24.—(INS)—The death toll in the East Ohio Gas company fire and explosion mounted to 114 today, with Cuyahoga County Coroner Samuel R. Gerber estimating that at least 28 additional bodies will be recovered in the east side Cleveland ruins.

The number of missing stood at 89, of which 47 were said to be gas company employees. The final count of the dead, Dr. Gerber estimated, will be in the neighborhood of 200. Remains of many of the bodies will not be recovered, he said, because they were entirely incinerated by the intense heat.

Sixty-five injured victims remained in hospitals, with only two of them reported in critical condition.

Quake Recorded On College Seismograph

WESTON, Mass., Oct. 24.—(INS)—Rev. Edward R. Powers, seismologist at Weston college, announced today that a "fairly strong" earthquake began last night at 7:47 about 305 miles south of Boston.

Father Powers said the quake, which lasted an hour and a half, probably occurred in Ecuador.

### Yanks And British Improve Positions On Italian Front

U. S. Forces Gaining In Drive Toward Bologna, British In Adriatic Sector

AIRMAN SMASH AT NAZI FORCES

By JAMES L. KILGALLEN  
(U. S. Staff Correspondent)

ROME, Oct. 24.—The onset of bleak, chill winter weather along the Italian front today failed to halt either the American Fifth or British Eighth Armies, the Yanks gaining in their drive on Bologna and the Tommies moving ahead through the marshy lowland near Cervia in the Adriatic sector.

Suburban Nazi forces clung doggedly to the Apennine ridge, facing Lieut. Gen. Mark Wayne Clark's Fifth Army, but the Doughboys improved their position in some degree in the seizure of a number of hills, north of Monte Grande.

The subfeatures near Monte Grande fell into American hands only after a day of heavy fighting.

Bitter Battle  
Bitterest battle of all, however, continued to rage in the vicinity of Monte Belmonte, key high ground that bars the Fifth Army's approach to Bologna.

In flank action at this point British Indian and South African units captured several important hills, the South Africans, on the left, taking a hill northeast of Vergato, dominating the Prato-Bologna road. The British and Indians captured a number of important features on the right.

The British Eighth Army on the Adriatic coast, meanwhile, inflicted "considerable casualties" upon the enemy, particularly north of the Cesena bridgehead.

### Large Force Of Bombers Attacks Essen In Night

LONDON, Oct. 24.—(INS)—The Reich armaments center of Essen, some 40 miles east of the western front, was blasted during the night by more than 1,000 British heavy bombers, the Air Ministry disclosed today.

Returning crew members said that the German defenses around Essen, site of the Krupp works, were extremely heavy. The Nazis sent up very strong forces of night fighters to combat the Royal Air Force raiders.

The Air Ministry announcement said that the RAF planes went out over the Reich in very great strength.

Snowstorms Encountered  
The British airmen braved severe snowstorms as well as intense anti-aircraft fire to blast Essen. Storms were encountered soon after the flyers reached the Continent and lasted until the British were within 50 miles of their target.

The bombing was well concentrated and one bombardier reported that "there was an enormous glow over an area of two or three miles square."

Berlin also was subjected to a new bombardment.

The Germans meanwhile sent more flying bombs over the southern counties of England, including the London area. Damage and casualties were caused.

### WILL UNFREEZE FRENCH FUNDS

WASHINGTON, Oct. 24.—(INS)—Steps were being taken by the United States Government today toward unfreezing more than a billion and a half dollars in French funds, following the recognition of Gen. Charles DeGaulle as head of the provisional government of France.

Officials pointed out that the statement of recognition contained no commitment regarding the French funds, which have been frozen in the United States since the fall of France in 1940. But they acknowledged there was now no obstacle to unfreezing, and that this would be a logical sequel to political recognition.

### British Occupy New Greek Town

ROME, Oct. 24.—(INS)—Occupation of Lamia, Greece, almost 100 miles northwest of Athens, by British troops was announced by headquarters of the land forces of the Adriatic today.

The entry into Lamia was effected as units of the Balkan air force now based in Greece continued to inflict heavy punishment on German columns continuing to flee to the north of Greece.

### German Defenders Of East Prussia Suffer Big Losses

Violent Nazi Resistance Fails To Halt Russian Advance In East Prussia

REDS ALSO ADVANCE ON BALTIC FRONT

By NATALIA RENE  
(U. S. Staff Correspondent)

MOSCOW, Oct. 24.—Inflicting "exceptionally heavy losses" upon German defenders of East Prussia, Red army forces today pressed an offensive 19 miles inside the Reich on an 87-mile front after capturing more than 400 towns and villages.

Violent enemy resistance failed to halt the Red hordes, and Moscow bulletins, supplementing Premier Joseph Stalin's order of the day, said the Hitlerites "are defending their lab by every available means."

German reports that the Russian force had reached the Angerapp river, main defense line of the Insterburg gap, were unconfirmed in Moscow, the communiqué claiming only that the key railway city of Goldap in the western most point of the Soviet spearhead.

German Reports  
The German DNB agency, in a broadcast heard in London, asserted the Russians had pushed to the bank of the Angerapp, 15 miles beyond Goldap and 35 miles inside East Prussia.

Colonel Alfred Von Oldberg, Nazi war commentator, admitted also that the Russians breached German lines, "mainly south of Gumbinnen in the general direction of Goldap which had to be evacuated."

The Soviet communiqué revealed (Continued on Page Two)

### Goering Loses Hunting Lodge

NEW YORK, Oct. 24.—(INS)—Marshal Hermann Wilhelm Goering has lost the first of his mountaintop palaces and estates scattered throughout Germany, a CBS broadcast from Moscow reported today.

Soviet troops have captured his magnificent East Prussian hunting lodge, the broadcast said.

The estate had been appropriated by Goering from an impoverished Junkers nobleman.

### Churchill Promises Speech For Friday

LONDON, Oct. 24.—(INS)—Prime Minister Churchill informed the House of Commons today that he will make a short statement Friday on his recent talks with Premier Joseph Stalin in Moscow.

Churchill appeared personally in Commons, his first attendance since the Moscow conferences, and received an ovation.

### Anthony Eden Now In Athens

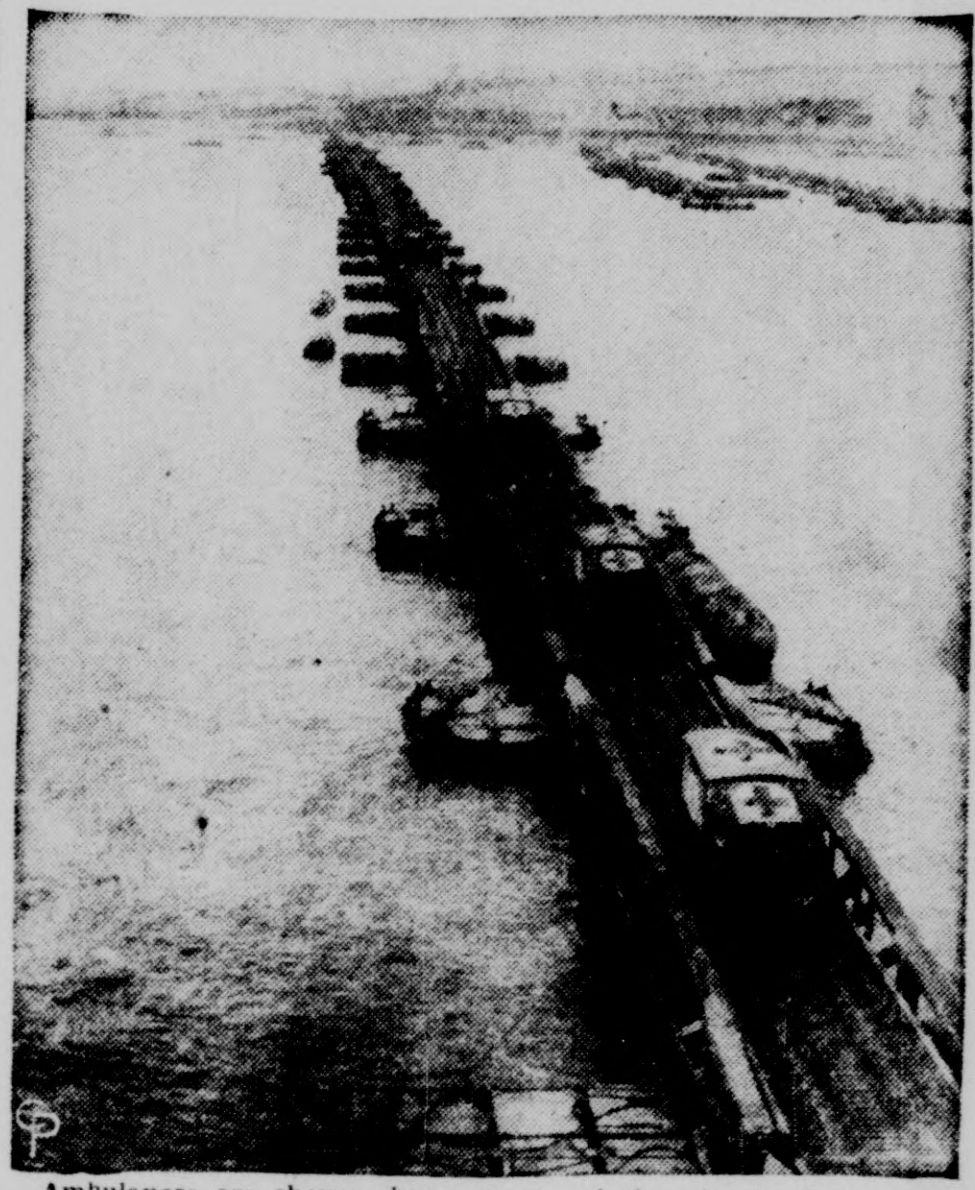

LONDON, Oct. 24.—(INS)—A dispatch by the German DNB agency under a Geneva dateline said today that British Foreign Secretary Anthony Eden has arrived in Athens, Greece, for negotiations.

"According to latest reports," the Nazi dispatch continued, "there are rumors that he will proceed to Belgrade."

### Belgium Areas Hit By Robot Attacks

BRUSSELS, Oct. 24.—(INS)—Widespread areas of Belgium left behind in the wake of the advancing allied armies are now being subjected to flying-bomb attacks, authorities disclosed today.

### GREAT WAR SECRET UNVEILED

Ambulances are shown above on one of the pier roadways of the British prefabricated harbor on the Normandy coast. This steel roadway, hundreds of feet long, is a series of small bridges with flexible joints and supported on floats so that it can rise and fall with the 20-foot tides. Existence of these prefabricated harbors was announced only last week, though they played a big part in insuring the success of the liberation of western Europe.

### Revolt Flares Against Franco

PARIS, Oct. 24.—The Spanish Republican revolt against the regime of Gen. Francisco Franco rapidly is approaching the state of a full-scale war, according to frontier reports which today said the guerrillas have assembled forces in excess of 20,000 men.

Franco's growing concern over the multiplying force of revolutionaries was clearly revealed in the reports he had sent at least 20 divisions of troops against the Spanish Maquis holding strongholds in the Pyrenees mountains.

Frequent reports from the Spanish-French frontier have reported (Continued on Page Two)

### Report British Land In Norway

LONDON, Oct. 24.—(INS)—An unconfirmed Swedish report reaching London said today that British troops had landed in Norway.

There were no details given of the reported British operations which indicated that Tommies may have been landed in the Nazi dominated country for a coordinated drive with Soviet forces which have entered Norway from the north.

All that was known immediately concerning British activities was that for weeks the Royal Air Force has been harassing Nazi shipping supplying German troops in Norway.

### Evacuate Budapest Order From Nazis

LONDON, Oct. 24.—(INS)—The Rome radio today said the Germans have ordered the evacuation of Budapest. Some civilians, the Rome report added, already have left the Hungarian capital.

### Seven Are Dead In Cincinnati Fire

CINCINNATI, O., Oct. 24.—(INS)—A flash fire which swept the fourth-floor plant of the Cincinnati Pencil company today had cost the lives of seven persons and injured 10 others, three critically.

According to Fire Chief Barney J. Houston, the fire broke out in an elevator shaft and spread rapidly to the fourth floor. He said it was probable the blaze was fed by highly volatile lacquers used in stamping pencils.

One of the victims was Mrs. Reva Rozoff, wife of Samuel Rozoff, owner of the concern.

### British Forces Are Driving Into Hertogenbosch

Allied Troops In Outskirts Of Key German Defense Point In Holland

COUNTER ATTACKS BY NAZI REPULSED

By KINGSBURY SMITH  
(U. S. Staff Correspondent)

SUPREME HEADQUARTERS, Allied Expeditionary Force, Oct. 24.—Assault units of the British Second Army penetrated into the outskirts of the Dutch city of Hertogenbosch today in the mounting Allied drive to smash Nazi military forces out of western Holland.

The push into the environs of Hertogenbosch, key German defense point and a strategic road hub, was effected as other Britons and forces of the Canadian First Army scored gains all along a 100-mile irregular front.

South of Hertogenbosch the British reached Saint Michielsgestel and struck to within a mile of Boxtel.

The British closed in on Hertogenbosch after advancing some five miles to take Bruggen, two miles northeast of the city.

Saint Michielsgestel and Boxtel are situated four and seven miles, respectively, southeast of Hertogenbosch.

East of the port of Breda, Canadian troops neutralized Fort Frederik Hendrik.

The Canadians also seized the bitterly-contested estuary town of Schoonhoed. Despite unfounded reports to the contrary, they also tightened their hold on liberated Breda and seized the road running south to Schoonhoed.

The Germans made a determined bid to break through Allied lines north and northeast of Embremunt when they mounted a savage, tank-supported counter-attack. However, it was absorbed and the enemy was driven back.

Supreme Headquarters also reported that American troops forced a new bridgehead across the Montagne river in the region of Premontagne.

Canadian troops in the Scheldt river area south of Breda continued (Continued on Page Two)

### Validation Dates For Red And Blue Stamps Announced

WASHINGTON, Oct. 24.—(INS)—The Office of Price Administration today announced validation dates for five more blue stamps for processed foods and four more red stamps for meat-fats.

Each of the stamps will be worth ten points and will be good indefinitely.

Sunday, Oct. 29, red stamps L5, M5, N5 and P5 will be good for meats-fats. The stamps will have to last for a five-week period, with the next one not expected to be validated until Dec. 3.

On Wednesday, Nov. 1, blue stamps S5, T5, U5 and V5 will become valid for processed foods. These stamps will have to last a month.

The golfer is a hardy soul a hardy soul is he, he plays the game although the greens look like a piece of sea. He trudges forth with balls and clubs and tries to shatter par, no storm too rough no day too wet, he'll travel near and far. And play the game in drizzling rain or heat, a molten sun, and plod along a Spartan he, until the game is done. But let his wife request him to go to the grocery store, or out the grass or paint a wall and promptly he gets sore. ## Another Taunt For Jap Fleet

Admiral Halsey Says U. S. Fleet 'May Have To Go In And Dig Them Out'

By PHILIP G. REED  
(U. S. Staff Correspondent)

WITH ADMIRAL HALSEY IN THE WESTERN PACIFIC, Oct. 21—(Delayed—Via Navy Radio)—Admiral William F. Halsey hurled another derisive taunt toward the Imperial Japanese fleet, declaring it wouldn't make any difference now whether it finally comes out to fight or stays in hiding.

"I used to think they would risk a showdown sometime or other—now I'm not so sure," said the two-fisted admiral whose third fleet flanked everything in sight at Forth, the Ryukyus and the Philippines in preparation for General Douglas MacArthur's invasion of Leyte.

"We may have to go in and dig them out," said Halsey, who emphatically added:

"If necessary, we'll do just that."

All-Out Support

Halsey's mighty third fleet has flung a veritable sea wall of steel around the Philippines in the navy's all-out support of General MacArthur's land forces.

It was a new demonstration of close-knit teamwork between Pacific high commands.

This co-ordinating of forces, an important factor in the success of the Philippines operation, was accomplished without a hitch, and depending on the viewpoint, either disproved the claims of previous dissonance, or upheld Washington's contention that when the time came Pacific leaders would work as one.

Hundreds of fleet units in the navy's seventh fleet were placed unquestioningly at General MacArthur's disposal for the giant amphibious task of landing in the Philippines.

been held, at which workers' supplies have been distributed and several of the groups are planning meetings Wednesday morning.

For All Workers

The meeting tonight, however, is for all workers and is expected to augment the enthusiasm which is already evident. The meeting will start promptly at six o'clock tonight, and workers are assured that it will be over by no later than 7:45 so as not to conflict with the opening concert of the Metropolitan Concert Guild series.

Leaders of the drive are confident that the amount of money required can be raised quickly, and workers are being asked particularly to make their solicitation promptly.

Mr. Morrison, chairman of the drive, has repeatedly expressed his appreciation for the co-operation displayed to date by workers and feels that with comparable co-operation on the part of the public the drive can be completed within two weeks.

that the initial break-through into East Prussia—greatest Allied penetration of German soil on either European front—came while other Red army troops lashed out with new blows in the autumn offensive.

Baltic Drive Progressed

Forces on the first Baltic front to the north in their campaign against Memel, occupied more than 500 towns and villages, including the railway junction to Szibben, on the Karelian front, the Russians moved west and southwest of Petsamo, liberating the nickel mining area, cutting the Rovaniemi-Kittis highway and capturing the town of Salmijarvi.

In Hungary, the Red forces attained the south bank of the River Tisa.

New gains were scored in northern Transylvania with the capture of more than 50 towns and villages, including the Vile Sotmarud railway station. In Czechoslovakia, southeast of Mukacovo, general advances were reported along a 25-mile front along the capture of several inhabited places.

Main stem of Moscow war news, however, was the East Prussian operations, marking the first time in 30 years Russian forces had entered Germany. Marshal Stalin announced the dramatic entry into the Reich in an order of the day, confirming German reports issued several days ago.

Island of Samar Is Next On List For U. S. Forces

NEW YORK, Oct. 24.—(INS)—Troops of Gen. Douglas MacArthur's army of liberation in the Philippines have swept across a narrow strait north of captured Tacloban on Leyte Island to stage a new invasion of the island of Samar, the British radio announced today.

Samar is a larger island than Leyte and a key link with Luzon, the largest of all the Philippines where Manila is located.

Samar is believed to possess a number of good airfields.

CBS heard the London broadcast.

tinued to make progress, headquarters said, despite the water-logged condition of the terrain they had to traverse.

Advanced forces drove to within a mile of the village of Groede.

Gain North Of Antwerp

North of Antwerp, the inland port which the Canadians are seeking to open to Allied shipping, gains were made west of the Roosendaal-Antwerp railway and a fresh advance was made into Holland from across the Belgian frontier.

West of Woensdrecht the Canadian army crossed the road and railway leading to the islands of Beveland and Walcheren.

Although weather restricted air operations over the area, heavy bombers went in during yesterday afternoon, headquarters announced, to blast German gun emplacements on Walcheren Island. Four of the fighter-escorted bombers were lost.

Rest Of Front Quiet

The rest of the western front remained comparatively quiet, except for the Third Army sector around Metz.

The official communique from headquarters of Gen. Dwight D. Eisenhower said there had been no major changes along the front from Aachen, Germany, southward to the upper Moselle Valley.

In Maizieres Les Metz house to house fighting continued, with the Germans clinging stubbornly to approximately one-fourth of the town.

Using the "Grandmother of the Big Bertha" World War I railway type gun, the Germans during last night fired 16 to 18 eleven inch shells into rear positions of the Third Army. International News Service war correspondent Pierre J. Huss reported. Some casualties and damage resulted.

area. Beyond Tacloban, the hard-charging Americans were encountering stubborn resistance from pockets of Japanese hiding out in the hills flanking the main road and north of Palo an enemy counter-attack was repulsed after a bloody battle.

Advanced elements of the Twenty-Fourth army corps are fighting in the outskirts of San Pablo, seven miles west of the coastal town of Dulag which was liberated last Saturday. In this sector, MacArthur's communique stated, enemy activity has been limited to rearguard actions and night raiding.

By-Pass Defenders

In the Cagman Hill area, northwest of Dulag, enemy defensive units, entrenched in natural fortresses, are being by-passed and enveloped.

Small scale enemy air raids under cover of darkness continued but again described as "ineffectual" in the communique. One enemy dive-bomber was shot down at dusk by anti-aircraft fire from warships supporting the ground forces.

The communique revealed that eight more towns on Leyte in addition to Tacloban, Palo and Dulag, whose capture was previously disclosed, have been liberated by the fast-moving American units.

Take Over Islands

The islands of Dinagat and Homonhon at the mouth of the Leyte gulf where exploratory landings were made by small units three days before the invasion of Leyte, have been swept clear of the enemy. Suluan island the tiny atoll first mentioned as the scene of American landings in enemy radio reports, is also American hands. Suluan lies just east of Homonhon at the mouth of the gulf.

The names of the newly-liberated towns on Leyte were given in the communique as San Fernando, Soavahan, San Jose, Moradras, Pawind, Durneatuman, Darombanai and Patayan.

Meanwhile, heavy American bombers continued to spread destruction throughout the southern Philippines and also hit the Jap oil refinery center of Balikpapan on Borneo in another raid. Off the north coast of Borneo, the far-ranging American planes sent a 1,000 ton enemy freighter to the bottom.

'BABY SNIPERS' WILL BE TRIED

(Continued from Page One)

outstanding examples of "born and bred" Nazis—arrogant, tricky, sub-intelligent and killers. Hubert, spokesman for the band of infant murderers, said:

"We found American and German rifles lying together in a ditch. We were not shooting at American soldiers—just into the woods. They happened to be there."

An American M. P. guarding them grinned widely and corrected this story.

Sniping At Yanks

"They were sniping directly into an artillery crew and came close to getting them too," he said.

When a couple of our soldiers went up the hill to see what was what and capture or kill the snipers, these kids kept firing as they advanced. At the last minute they threw down the gun and ran.

"One soldier who spoke German called on them to halt or he would shoot. They stopped."

The Americans were amazed to discover the snipers were "knee-high" school children. They had believed them to be either German soldiers who had infiltrated back through the lines or Nazi party members.

It is thought to be a long long war if Hitler's fixed up all his kids like these—long and tough," the M. P. said, fixing the four boys with a puzzled frown. The nursery Nazis returned his look, a shifting glance of pure hate underlying their superior smirk.

Hubert, stocky and blond and dressed in a blue shirt with suspenders and a black Nazi cap, shot a glance at the M. P. and laughed abruptly.

"I know what he's laughing at," the soldier said. "I brought him a coat this morning because his cell was darned cold. He threw it in my face."

The parents of these boys are weeding martyrs to a cause they obviously believe just. Hitler has done a thorough job here.

YANKS AND BRITISH ON ITALIAN FRONT IMPROVE POSITIONS

(Continued from Page One)

Army forces then moved on to expand the bridgehead across the river Savio near Cesena.

South of the town, Indian troops seized the heights of Mount Cavallo, a key prominence along the watershed west of the Savio.

British and Polish troops, operating farther south, chalked up local gains while the Mediterranean sky fighters delivered new blows against the Reich and the Nazis in northern Italy.

Despite poor weather, fighter bombers and fighters roared into action behind the German lines, inflicting damage upon enemy supply trains. Locomotives, rolling stock, motor vehicles and barges were destroyed in the sorties.

Heavy bombers attacked targets in Germany northern Italy and Czechoslovakia, and other lighter aircraft pounced on enemy shipping in the Adriatic.

In some 1,450 sorties flown in these operations, 14 heavy bombers and 14 other aircraft are reported missing.

Compile Estimates For 1945 Budget

Finance Director Albert A. Hoyland has requested Mayor John P. Haven and other councilmen to compile estimates of departmental needs for 1945. The council must give consideration to proposed expenditures and receipts for next year during November.

### CHARGES REPORT ON AIR POWER OF NAZIS WITHHELD

(Continued from Page One)

\$33 million 827 thousand 456 dollars. Congress, Engel said, appropriated 352 million 388 thousand 695 dollars more than the president asked.

Secured Document

Engel, it was understood, obtained the 34-page 1937 Berlin report from the War Department in his official capacity as a member of the War Department subcommittee of the House Appropriations Committee.

Engel called the military attaché's report "one of the most amazing and detailed reports on the growth of German air power and the rising menace to America ever to come from an American military attaché."

"While President Roosevelt had insisted warnings of grave potentialities of German war strength, he was holding down the requests for funds, and now blames congress for the failure to provide equipment for the army."

In the report the military attaché stated that the size of the German air industry "forces the foreign—and even the American—who is accustomed to think in big terms—to pause, ponder and wonder as to the future."

He reported that Germany then had 23 known airplane concerns with 46 identified plants with a potential annual plane production of "probably 6,000 planes."

"World Power In Air"

Germany is once more a world power in the air," the report said. "Her air force and her air industry have emerged from the kindergarten stage. Full manhood will not be reached for three years."

The astounding growth of German air power from a zero level to its present status in a brief four years must be accounted one of the most important world events of our time. What it portends for Europe

## Exhume Bodies In Seven-Months-Old Fire Tragedy Deaths

GETTYSBURG, Pa., Oct. 24—

(INS)—State chemists were expected today to examine the bodies of three fire victims which were exhumed by court order when Adams county authorities joined state police in an investigation of the seventh-months old tragedy.

District Attorney J. Francis Yaker, Sheriff John E. Milhimes and state police expanded the inquiry after a routine investigation uncovered details which officials refused to discuss.

The victims of the fire March 8 were Mrs. Margaret Smith, 74; Mrs. Violet McKee, 24, and her 17-month-old son, Billy.

## WINICK-SLOVANSKY WEDDING PERFORMED

Miss Dora Winick, daughter of Phillip Winick, 422 Norwood avenue, and Archie Slovansky, son of Mrs. Sarah Slovansky, Reynolds street, were united in marriage on Sunday afternoon, October 15, in the study of B'nai Israel Temple, Negley avenue, Pittsburgh.

Vows were exchanged at 3 o'clock with Rabbi E. A. Lichter officiating. For her marriage the bride was attired in a sea gull gray sheer wool street length dress with fuchsia accessories. Her shoulder corsage was a single orchid. Miss Shirley Levy of this city, as her only attendant, wore a gray pin stripe suit with corresponding accompaniments and shoulder corsage.

Alan Winick, also of New Castle, served as best man. The couple will return here after a short wedding trip.

## MRS. MARY E. GROSS BIRTHDAY HONORED

Mrs. Mary Ellen Gross of 489 Neshannock avenue was honored recently when a group of her children, grandchildren and friends gathered surprise fashion in her home to help her observe her 70th birthday.

"Put on Your Old Gray Bonnet" and "I'll Take You Home Again, Kathleen" were sung by the group. Later a recording of these songs that had been made earlier was played.

Many beautiful gifts were presented to the guest of honor. A buffet lunch was served by the hostesses, Mrs. Ernest Shaffer, Mrs. Ralph Cratty and Mrs. Percy White. Mrs. Leota LaRose and daughter of McKeesport; Mr. and Mrs. A. H. Koozt of New Alexandria, Pa.; Mr. and Mrs. F. H. Humme and four children of Chester, W. ## SARA SAAD BRIDE OF SGT. M. JOSEPH

St. John the Baptist church was the scene of a beautiful wedding, performed at 10 o'clock Sunday morning, uniting in marriage Miss Sara Saad, daughter of Mr. and Mrs. George Saad of 402 Waldo street, and Staff Sgt. Michael M. Joseph, son of Mr. and Mrs. Joseph of 1511 Hamilton street.

Ferns and pompons were used to decorate the altar. Rev. Fr. Vincent O'Donnell, chaplain of the New Castle hospital, officiated during the single ring service.

Given in marriage by her father, the bride was charming in a benedictine gown with a long ruffled train. Her long veil was caught with a pearl crown and she wore a gold corsage, a gift from the bridegroom. Her arm bouquet was of white roses and pompons centered with an orchid.

Miss Marcelle Gabriel of Pittsburgh as maid of honor wore a pale orchid gown with gold accessories. She carried yellow roses. Pvt. Joseph Saad of Fort Deven, Mass., served as best man.

Bridesmaids Katherine Abraham, Emaline Joseph, Anna Gabriel, Marian Budway and Cecelia Joseph wore pink and blue gowns and carried corresponding arm bouquets. Ushers were Richard Joseph, John Elias, John Joseph, George John and John Bashara.

Three hundred guests enjoyed a wedding dinner later in the church hall, and in the evening a reception was held.

Staff Sgt. and Mrs. Joseph departed on a short wedding trip to New York, and later will return here for a few days before leaving for Ft. Monmouth, N. J., where they will reside.

## LOCAL COUPLE MARK 25TH ANNIVERSARY

Mr. and Mrs. Frank Campbell, of 609 John street, have returned from Pittsburgh, where they celebrated their twenty-fifth wedding anniversary, at the home of Mrs. Campbell's sister, Mrs. Robert G. Blackham, during the week-end.

A splendid lunch was served by the hostess, a large wedding cake gracing the table.

The couple were the recipients of a number of lovely gifts. Those present were Mrs. Campbell's two sisters, Mrs. Marie Dickie, Mrs. Blackham, a brother, Carl Hayes and family, and four nieces of Pittsburgh; Pvt. and Mrs. Kenneth Howels, of Virginia, Mr. and Mrs. Dean Hough, of Steubenville, Ohio; Mr. and Mrs. Edward Laffey and Miss Betty Blackham of Pittsburgh.

## Plan To Dedicate Honor Roll Sunday

Program Being Planned For Dedication Of Central East Side Honor Roll At Jackson Park

Jack Dunlap, chairman of the committee, announces that it is expected the dedication of the honor roll erected at Jackson Park, for central east side, will be dedicated Sunday afternoon at 2:30. The program will be announced Friday.

The exercises will be at the park. Should the weather be inclement, after the flag raising, the remainder of the dedication service will be at the Reformed Presbyterian church on Oak street.

The 520 names of those in the armed forces from the central east side are ready and will be placed within the cabinet in the next few days; there will also be one gold star for one that has made the supreme sacrifice. Should there be other gold stars mothers, they are asked to inform Mrs. Jake Emery of South Ray street or Jack Dunlap.

This honor roll is built very substantially of stone, is 11 feet high and four feet square upon a concrete base four feet deep, within a square of ten feet, having a good space in front for placing war relics.

A large beautiful gilded eagle surmounts the edifice. The junior commanders under Mrs. Katherine Christoffer were responsible for securing the flag, flagpole and the eagle and raised \$65 for payment.

Besides the commando amount, \$295.65 was raised and \$745.15 spent, leaving \$50.50 to put toward a bronze plaque to replace the cabinet after the war ends.

Mrs. Jake Emery treasurer, will receive further subscriptions; Walter Knobloch is secretary.

## Some Are Violating OPA Price Displays

PITTSBURGH, Oct. 24.—(INS)—The OPA announced today that all violators of the maximum price regulation which became effective July 31 requiring eating and drinking places to display conspicuously a poster listing ceiling prices of 40 items they sell, will be called in for hearings.

Ceiling prices must be no higher than prices charged for the same items during the week of April 1 to 10, 1943. Violators will be given new posters to be changed to conform with their base period prices, the OPA said.

many thousands of incumbents with others.

"In the enclosed self-addressed envelope, please mail me a check or money order now. Give all you can."

In other words, the "bee" is on the boys if they want to keep their jobs.

Three million one hundred and fifty thousand payrollers making "voluntary" contributions under official pressure like this ought to provide a pretty good campaign fund. That's why Mr. Roosevelt's recent statement that he "planned" a reduction of Federal employees is only political buncombe. Jobholder voters (with their families and friends) and jobholder contributions are the foundation of the New Deal's political strength. A fourth term is equivalent to a guarantee that this army will continue to grow vastly larger, instead of smaller.

## Inauguration Of President Outside According To Plan

WASHINGTON, Oct. 24.—(INS)—A tentative decision had apparently been reached Monday to hold the colorful inaugural ceremony for the next president of the United States outdoors despite the danger of inclement weather on Jan. 20.

David Lynn, architect of the capitol, disclosed that bids have been asked for the construction of the inaugural stand before the capitol. They must be in by Nov. 3.

The final decision on whether the next president is to take the oath of office in front of the capitol or in the house or senate chamber will be made after the Nov. 7 election.

"The inaugural committee will meet after the election," explained Lynn, "and will ask the president-elect what his wishes are."

There have been reports that the ceremony might be held indoors because of the threat of inclement weather, making it impossible for more than a comparatively few to witness the historic rites.

More than 100,000 people can be accommodated in the plaza fronting the capitol. In addition to the thousands who will be seated about the rostrum from which the president-elect will be sworn in.

The last indoor ceremony occurred in 1800 when a severe snowstorm forced President Taft to take the oath of office in the senate chamber.

Warns Against Enemy Messages On War Prisoners

NEW YORK, Oct. 24.—(INS)—The army has issued a warning to the families of prisoners of war against the acceptance of enemy broadcasts and so-called prisoner messages as authentic.

In the "army hour" radio program, Capt. Weber Lincoln, chief of the records and identification division of the office of the provost marshal general advised the public to "close their ears and pocket-books" to unofficial informants who

quoted the Berlin and Tokyo radios.

The army, Captain Lincoln said, checks enemy broadcasts and passes on any information gleaned from them to the interested next of kin but urges that such information not be considered official. He warned Americans not to be victimized by unscrupulous persons who attempt to sell this type of news.

Program Is Cut Short Due To Breakdown In Motion Picture Machine At Noon Luncheon

What promised to be a fine program of entertainment was cut short at Monday noon's luncheon meeting of the New Castle Rotary Club, when something suddenly happened to the motion picture machine.

The pictures scheduled, which had been arranged by Paul Baldwin, District manager of the Bell Telephone Company, were entitled "Western Crossing," showing the laying of the cable to the west coast, "Yanks Smash Truk," and "Fight for Rome." A return engagement at a later date was promised.

Guests from Deshon Annex were John Gorgas, of Ellwood City, a veteran of the fighting in North Africa and Italy; and John Nichols, of Vandergrift, who sustained injuries in training in the states.

PLEASE DON'T FORGET  
*About My Eyes!*

I KNOW you older folks are busier than you ever were before. But I've only got the one pair of eyes—and if you don't help me take care of them, you and I may both regret it some day."

It's a fact that many people are too busy—and too worried to take the simple precautions that help conserve precious eyesight. Here are four easy rules anyone can follow.

- 1 Do all reading, studying, sewing, or game-playing close to a good light source, preferably a modern reading lamp.
- 2 Avoid glare from bare bulbs. Don't sit facing the light. Glare strains eyes.
- 3 Avoid shadows. Make sure you have good light directly on your book or work. Shadows strain eyes.
- 4 Have eyes examined regularly. If eyes are defective, vision can be greatly helped with proper glasses.

When the war is over we are all going to have Better Light for Better Sight. In the meantime, let's conserve both eyesight and light. Take care of your eyes, but don't waste light.

Why a Steel Mill is a Safe Place to Work

The picture above shows one reason why the steel industry ranks among the nation's first three major industries from the standpoint of safety. This toy-size model of an overhead crane used in steel mills is complete to every moving part and safety feature, and a tiny electric motor makes it run just like its giant counterpart. Built by Richard V. Milligan, safety instructor at a plant of United States Steel, it is used in classroom safety meetings to teach workers how to avoid accidents. This is only one of scores of safety devices and practices used for the protection of U. S. Steel workers. The famous slogan "Safety First" was born in the plants of United States Steel at the turn of the century.

## Shopkeepers On Leyte Island Reaping Profits

By LEE VAN ATTA  
(U. S. Staff Correspondent)

TACLOBAN, LEYTE ISLAND, PHILIPPINES, Oct. 24.—Filipino shopkeepers in Tacloban have not

permitted their great joy at being liberated from the hated Japanese to interfere with their business sense.

For the first day or so after Tacloban was liberated by Gen. Douglas MacArthur's triumphant force, the Filipinos could not do too much for the American doughboys, and the welcome given them was a heartfelt demonstration.

The happy Filipino merchants showered the Americans with cigarettes, flowers, fruit, beer and anything the natives thought would please their liberators.

Today khaki-clad doughboys are a common sight in Tacloban and the American dollar reappeared as of Tuesday. The wily merchants are charging the Americans one dollar for a bottle of Jap beer, 25 cents a banana and \$10 for single bottles of saké left by the fleeing Japanese.

The Filipino civil administration has taken matters in hand, however, and in a day or two is expected to set ceiling prices on all commodities to combat excess profits and curb inflation.

The civil administration is also arranging to provide native labor for the army. The Filipino laborers will be paid 75 cents a day.

Frigidaire here shows you how a Refrigerator helps make **HOT BREADS and PASTRIES**

Fresh baked goods are easy to prepare, inexpensive, too! Your refrigerator helps you save time, get better results! Just look what you can do!

Refrigerator Rolls are ready for the table in a short time when you make the dough in advance (see tested recipe on this page). Put dough in a mixing bowl large enough to permit some rising during storage, cover tightly with waxed paper or bowl cover. Use dough during the week as you need it for Parker House, clover-leaf, plain rolls, or other cook book favorites.

Cookies. In general, firm cookie dough can be kept in your refrigerator 3 to 5 days. This includes practically all types of refrigerator, moulded, or rolled and cut-out cookies. Wrap dough in waxed paper or put in covered refrigerator dish. Keep near bottom of refrigerator; use as needed. Your children will tell you when!

Pie Crusts. Chilling pastry dough improves tenderness and flakiness of the pastry. Make dough ahead of time; separate into portions for each crust; wrap them in waxed paper and store in refrigerator. Before using, set out at room temperature until dough is pliable, but not warm! Good tip: One crust pie is attractive and save materials; dough goes twice as far!

## How to Make Grand-Tasting Refrigerator Rolls

(Makes 3 dozen clover-leaf rolls)

1 cake compressed yeast  
1/2 cup sugar  
1 teaspoon salt  
2 cups lukewarm milk or water  
1 egg  
7 cups enriched flour, sifted  
3 tablespoons melted shortening

1. Crumble yeast into large mixing bowl. 2. Add sugar, salt, and water. 3. Add well-beaten egg. 4. Add half flour, and beat well. 5. Add melted shortening, and mix in remainder of flour. Let rise to double its bulk. 6. Punch down, cover tightly with waxed paper, and place in refrigerator. 7. About 1 1/2 hours before baking, remove desired amount of dough. Shape into small rolls, and place on greased pan. (Use gem pans for clover-leaf rolls.) Let rise slowly to double their bulk. 8. Bake in hot oven, 425° F. for 20 to 25 minutes. NOTE: It's time-saving to prepare shapes in the morning and restore them in refrigerator, ready for quick baking. ## War-Time Marriages Are Being Discussed At Hunter College

STATE COLLEGE, Pa., Oct. 24.—(INS)—Possible dangers of wartime romances to soldiers morale keynoted the annual Institute on War Marriage Problems as scores of delegates met today at Pennsylvania State College for the second day's session.

Dr. Henry A. Bowman of Stephens college warned American young women who were considering "changing their minds" to advise their fiancées immediately to avoid later breakdowns in morale.

## TIRE RATIONING MIGHT BE ENDED BY NEXT SPRING

HARRISBURG, Oct. 24.—(INS)—A complete Allied victory in Europe this year would reduce military transportation demands and pave the way for the discontinuance of tire rationing by April, 1945, the Pennsylvania Motor Federation reported today.

## Fine Response Of Workers Here Is Encouraging

CHARLES MATTHEWS, JR.  
President Community Chest

H. J. MORRISON  
General Chairman War Fund Drive

"A popular conception of the Community Chest and its agencies is that their benefits accrue only to the submarginal or down-and-out part of our population. This idea has probably been encouraged by the well-meaning attitude of agency workers. Actually, however—and the public should realize this—most of these agencies are used each year by a large majority of the families in the community.

"Community Chest contributions which are now a part of the United War Fund make up the difference between the income from all other sources of the 10 local agencies and the cost of their operations. Many families and individuals receive services from some Chest agency, which is able to offer these services at the prices charged, only because thru Chest appropriations deficits are made up for other folks who cannot pay full memberships or fees.

"It should not be difficult for the individual to picture what New Castle would be like if all of these agencies closed their doors. Few people would care to live here without them. They deserve our fullest support as being absolutely necessary to the health, welfare and stability of our community."

"The fine response to our call for volunteer workers in the United War Fund Drive is the most encouraging indication possible of the success of the Drive. People in all walks of life have been more than willing to do their share in raising this money.

"We are entering the last phase of this great world conflict. No one doubts the certainty of victory. And no one questions the need for relief among the people of the now liberated countries, and those soon to be freed. Nor is there any question as to the fine job being done by the local agencies in maintaining a strong home community.

"To me personally this campaign is further evidence of the neighborliness and civic spirit of New Castle. In the two years in which I have been a resident here I have come to know a great many people. I like New Castle, and the people that live here. They have done much to make life pleasant for me and those of my associates who also came here as strangers. They have cooperated fully with my company in the establishment of an important war industry here. So it is gratifying to see the support which being given the United War Fund Drive. Every minute given to the Drive by every worker is volunteer time. I am sure that all the people of New Castle will cooperate just as willingly and just as generously in their contributions."

## UNITED WAR FUND AND COMMUNITY CHEST DRIVE STARTS TOMORROW

## Need Greater Than Ever Before

### 23 AGENCIES SERVE WORLD NEEDS—10 SERVE LOCAL NEEDS

NEW CASTLE WILL TAKE ITS PLACE TOMORROW WITH EVERY OTHER COMMUNITY IN THE UNITED STATES IN A JOINT PROGRAM TO RAISE \$250,000,000 FOR THE NATIONAL WAR FUND, TOGETHER WITH COMMUNITY CHEST AGENCIES.

"All Americans know it is a privilege to contribute to the National and Community War Funds in this year of liberation. Complementing our military campaigns, the services which flow from these funds reach out to friends and neighbors at home and abroad and to the oppressed peoples of the world."

Dwight D. Eisenhower

### A BOX OF FUN ...

L. T. ROBERT JANSON, U. S. Air Corps, and a former prisoner-of-war in Germany, examines a box of material at War Relief Services of the National Catholic Welfare Conference, participating service of the National War Fund. Games, athletic equipment, textbooks and occupational tools are provided to help bolster morale for members of the "Barbed Wire Legion."

## BOY SCOUTS BIG WAR AID

Those who think Scouting is merely an activity designed to keep boys out of trouble should hear about the real job Boy Scouts are doing to help the various war activities. They have helped on all paper and other salvage drives, they served as messengers for Civilian Defense Units, they distribute advertising and other material for many war agencies. They are learning to serve others, and to serve their country in the war effort.

## RELIEF TO GREEK AND YUGO-SLAV CAPITALS

The recent liberation of Athens by the British and Belgians, by the Russians brings greater opportunity to two of the agencies included in the United War Fund. The Greek War Relief Association and the United Yugo-Slav Relief Fund have been waiting hopefully for these events for over three years. Today your contribution to the local United War Fund and Community Chest Campaign will help to bring aid to the people of these countries, whose suffering during their occupation has been almost beyond description.

Editor's Note: Of course USO Camp Shows doesn't provide entertainment on life rafts, but its units do go into every combat zone, thanks to the generous support of the American public given National War Fund which finances USO and 22 other war related philanthropies.

## WHEN WILL THE WAR BE OVER?

The war will not be over until every American in the armed forces, man and woman, is home among friends and loved ones.

The war will not be over until broken homes resulting from the war have been repaired.

The war will not be over until science has contributed its all to mend the maimed and the broken in body and mind.

The war will not be over until everyone in the armed services has a job and has become a normal part of the community life for which he has sacrificed so much.

The war will not be over until Lawrence County, and our entire country for which G. I. Joe, Jim and Jane gave, or were willing to give their lives, become places in which people can live in decent, wholesome, healthy surroundings, unclouded by prejudice, intolerance, and basic needs.

The war will not be over until a workable peace is established in the world that gives all people hope and faith and a chance to earn a living and build a life outside the deadening destructive pale of recurring wars.

Rome has been captured! Berlin and Tokyo are our next war stations on the road to complete victory. Our boys and girls over there will not give up for a moment until military victory is actually won. Wounded, dirty, uncomfortable, in constant danger, they will fight on.

Can we do less? Will we slip back in our old groove before war is actually at an end and say, "Well, that's almost over. I can relax now!"

A thousand times, No! An essential part of our task will just begin when the last gun is fired, the last bomb released, when the last missile of destruction has been hurled at an enemy.—Taken from pamphlet issued by the War Chest of Cincinnati and Hamilton County.

## THE BIG GENERAL QUESTION

Nearly everybody, by this time, knows about the National War Fund. But for the benefit of those who just came in, here is the general story, in a small nutshell:

The National War Fund is a federation of the leading war-related appeals, except Red Cross, to provide essential wartime services to our armed forces, merchant marine and prisoners of war and to supply essential wartime relief to our Allies and to refugees from occupied countries.

The National War Fund is government-endorsed but not government-controlled. It operated in full accord with the President's War Relief Control Board.

The National War Fund works through its affiliated state organizations and they, in turn, through county committees. Every town and township is included.

## Margaret Henry Childrens Home

## Home To 3000 Children—45 Are Now In the Armed Forces

During the past forty years more than three thousand children have been cared for by the Home through the generosity of its many friends who contribute to the Community Chest and through personal gifts to the Home.

The Community Chest has enabled the Home to raise and educate these children who are scattered in all parts of the world. At the present time forty-three boys and two girls are known to be in the Service of the United States. Some of the others are stenographers working in local industries, some are trained nurses working in local hospitals and one delphia, Penna., some are working in local industries and many others are married and come with their families, to visit at the Home, as the Margaret L. Henry Children's Home is the only home they know.

The past several years have been quite hard for the Home. Owing to war conditions, prices have been very high on food, clothing and such commodities as are needed for the present family at the Home. During past years underwear, stockings and pajamas for the boys and girls and shirts and pants for the boys have been donated by thoughtful friends, but this year, these much needed garments have not been provided, therefore the Home must furnish them. At present there are twenty-six boys and fifteen girls totaling forty-one children who have to be fed three times a day and it takes a lot of potatoes, bread, butter, other vegetables and fruits to build sturdy bodies for them so they too may become good citizens for a Greater New Castle.

## Here's One of Many Letters to Mom Green From a Boy In Service:

Dear Mum:

I received your very nice and welcome letter today. And I like to hear from you too Mum so I always answer them as soon as possible. How are you all at home today? I'm well and doing fine. I still draw pictures and enjoy drawing very much. And oh Mum you didn't answer my question about T-S. How and where is he at now? Tell all the kids that I said hello. Gee, Mum, I would like to have been there for Mother's Day. By the way, who is your assistant now? Yes Mum it's really hot down here—it's impossible to find a cool place. We are wearing our summer uniforms and boy are they hard to keep clean. It's nice and pretty there now with the leaves coming out on the trees and the flowers blooming everywhere. You bet Mum dear I'll visit you all on my next furlough. I'd sure like to see you all. Everyone at my home are fine and so is Kathryn—that's the "little lady's" name. Remember now Miss Henry used to give us lickings and castor oil. I laugh every time I think about them. But they did a lot of good and I thank her now for making me behave like she did. She was really a swell person. And I got to admit that you got after me too, but I love you for it Mum. Well Mum time to go eat supper now so I'll close for now until next time. God bless you Mum dear and may we meet soon in the near future. In closing, I remain as always,

One of your many fighting sons,  
Love  
"Bobbie"

## Front Line Aid

Nurse renders assistance on the firing line, with medical supplies furnished through Russian War Relief, member agency of the National War Fund.

## ERNIE PYLE SAYS:

"A Lot of our soldiers overseas are functioning as one-man relief agencies. The sight of hungry Italian children always gets them.

"At any army chow line near a village or close to farms you see a few solemn and patient children with tin buckets waiting to get what is left over. One soldier said to me: 'I just can't bear to eat when they stand and look at me like they do. Lots of times I've filled my mess kit and just walked over and dumped it in their buckets and gone back to my foxhole. I wasn't hungry.'

"When the GIs share their own field rations with the civilian victims of war, can the people back home do less? We all ought to think of that when we're asked to support the National War Fund."

## Jones-Cohen

At a marriage ceremony performed Sunday morning, October 22, at St. Luke's Zion A. M. E. church, following morning service and in the presence of a company that overflowed the church auditorium, Miss Cassa Zore Jones, daughter of Mrs. Carrie M. Jones, of 308 1/2 Knox street, and the late Rev. P. B. Jones, became the bride of Sgt. Robert Cohen, of Blairsville. The wedding climaxes a courtship of 19 months. Sgt. Jones recently returned to this country after service with the army in the Pacific theater of war.

The ceremony was read by Rev. K. Melvin Taylor, pastor of the church, at the close of morning service, Mrs. Mary Webber at the console and Miss Edna Alexander at the piano struck up the wedding march.

As her attendant the bride had her sister, Miss Marie Jones, of Cleveland. She was given in marriage by Floyd Jones, of this city.

Earl L. Jenkins, of Blairsville, served the groom as best man.

The couple left on a wedding trip to New York City.

The bride is a student at the Wilkins School of Cosmetology in Cleveland and plans to complete her course there. She is a graduate of New Castle high school with the class of '42. Before leaving for Cleveland she was active in church and social work in this city.

Even out-of-town were: Mrs. Fanny Cohen, and Mr. and Mrs. Fred Cohen, all of Blairsville, and Mrs. Philmore Bashum, of Grove City.

Doris Sewing Circle of the B. T. W. center will meet this evening at the center at seven o'clock, with Mrs. Marie Williams as hostess.

There will be a special meeting of the board of trustees and class leaders and heads of all St. Luke's A. M. E. Zion church auxiliaries of the church Wednesday evening at eight o'clock in the conference room of the church. Senior choir will have a special business meeting Thursday evening at eight o'clock. Baptism of children will be performed Sunday, Nov. 5, at 11 a. m. service.

I thank my Lucky Stars  
for my faithful GAS Range  
and GAS Refrigerator

"I'm mighty glad I have had a Gas range and a Gas refrigerator in my kitchen these war years. No need to worry about parts wearing or burning out—Gas equipment is practically indestructible. And that has meant a lot while repair men have been in the services or in important war jobs and when factories weren't making parts for household appliances.

"My Gas range never fails to light instantly when it's time to cook or bake and the refrigerator is so completely silent I wouldn't know it's in the house until I go to it for milk or meat

that I know will always be safely and surely refrigerated.

"It's a relief to a housewife, with so many other unavoidable repairs and cares these days to know that she doesn't have to worry about her Gas range or Gas refrigerator failing her."

## Governors Join For Observance Of Wm. Penn Day

PHILADELPHIA, Oct. 24.—(INS)—The governors of two states and ambassadors from two of the United Nations joined in Philadelphia today in observing the 300th anniversary of the birth of William Penn.

The Penn tercentenary will be celebrated by a rally in the Academy of Music tonight following a day of activities throughout the city and commonwealth.

Governors Edward Martin, Walter E. Edge of New Jersey, and British Ambassador Lord Halifax, will top the speaking program tonight together with Daniel J. Layton, Delaware State Supreme Court chief justice speaking for Gov. Walter W. Bacon, and Owen J. Roberts, associate justice of the U. S. Supreme Court who will talk on "William Penn As Statesman and Founder."

Mexico's good will mission, in Philadelphia to attend the Penn tercentenary will be honored at a dinner at the Historical Society of Pennsylvania. The delegates are Javier Rojo Gomez, envoy plenipotentiary representing President Comacho of Mexico, his wife, Mexican Ambassador Francisco Castillo Najera, and Salvador Duhart, first secretary of the Mexican embassy in Washington.

More than 200,000 Philadelphia school children will honor the anniversary of the founder of Pennsylvania with pageants, plays, and special programs in school buildings with participation of the general public.

## Pvt. A. J. Palumbo Killed In Action

Wife Receives Word Local Infantryman Loses His Life In France

Mrs. Lauretta Palumbo of 1915 Hamilton street has received word from the War Department at Washington, D. C., that her husband, Pvt. Albert J. Palumbo, was killed in action October 4 in France.

Pvt. Palumbo joined the Armed Forces August 21, 1943, and went overseas in April. He trained at Camp Gruber, Okla., and was at Camp Phillips, Kas. when he left for overseas. He was attached to the Infantry Corps.

He had been awarded Infantryman's Expert Medal, which he sent to his wife. He was 21 years of age. Beside his wife and two children, Marlene and Frank, he is survived by his parents Mr. and Mrs. Alex Palumbo, 1917 Hamilton street, three brothers, Arnold, Harlan and Conrad, and two sisters, Mrs. Lucy Cudal and Mafalda Palumbo, all at home.

Before his induction into service, Pvt. Palumbo was employed at the National Radiator Co. plant here.

## Loses 4 Fingers When Cap Explodes

Small Son Of Mr. And Mrs. Bethle Injured By Dynamite Cap Monday

Joseph Bethle, age four, son of Mr. and Mrs. Frank Bethle, 403 Moravia street, had four fingers blown off his left hand Monday morning while playing with dynamite caps, according to a report made to city police last night. The boy is in the New Castle hospital and his condition is reported to be fair this morning. City detectives were instructed by Chief Robert D. Hanna to fully investigate the accident.

According to Mrs. Bethle, her son found the dynamite caps in the rear of their home. He pried with a match into the caps. One exploded. The other caps which he had were thrown away in the rear of the property again and detectives searched for them to avoid possible injuries to other children.

## Lieut. Lynch Is Wounded Again

First Lieut. William Lynch, U. S. M. C., South Pacific theater of operations, son of City Detective Thomas Lynch, is recuperating in a Pacific base hospital from wounds sustained in the Tinian campaign. Previously he had received a Purple Heart for wounds previously received. For his second wounds he has been awarded the oak leaf cluster to add to the Purple Heart. He was wounded first in 1943 and has been in foreign service more than a year. In addition to the Tinian campaign he fought at Saipan and Guam. His second wound came while making an amphibious landing.

His brother Thomas who was wounded in Italy, has recovered and is now on the line in France, according to reports.

## Nurses Aides Party Thursday

Thursday evening, October 26, Red Cross Nurses Aides will be hostesses at a ballroom party at the Catholic Center, North Beaver and North streets, with soldiers of the Deshon annex to attend as guests.

The party will start at 7:30 o'clock, and according to all reports an entertaining program is scheduled for the evening's festivities. Dancing will be one of the main pastimes.

A dainty lunch will be served later by the committee: Emma Evans, Margaret O'Connell, Rose Uhl, Charlotte Lucidore, Mrs. Helen Stone, Ruth Ciarella, Mrs. Margaret Capezio and Jessie Jenkins.

The practice of selling art by auction in England dates from the 17th century.

## Allies Gouging Deeper In Nazi Home Defenses

By J. C. OESTREICHER

(U.S. Foreign Editor)

Two widely-separated scenes of Nazi aggression and acquisitiveness rang to the boots of avenging allied armies today, with Russian armies in the east and Anglo-American forces in the west gouging ever deeper into the home defenses of Germany.

The Russians, slashing to the Anzerepp river 35 miles inside the border of East Prussia, stopped long enough to take possession of Murschal Hermann Wilhelm. Gouging's vast hunting lodge, appropriated in the high-flying Nazi days from an impoverished Junker nobleman.

And in the west, British and Canadian troops forced an entry into the Dutch city of Hertogenbosch, capital of the province of North Brabant and for centuries a citadel of Netherlands strength.

British troops which stormed into the northeastern outskirts of the city at 2 o'clock this morning found themselves in an extensive municipality which has a peacetime population of 45,000. It lies at the confluence of two small rivers—the Dommel and the Aa and is connected with the river Meuse by the canalized Dieze river. It is the hub of a vast railway system and therefore one of the most important interior Dutch cities still in German hands.

A tasty lunch was enjoyed later by those attending.

A body falls 16 feet in the first second of descent and 48 feet in the second.

Florence was called the "cradle of the Renaissance."

"I never drank so much coconut milk before in my life," the patrol leader said.

He also told of meeting by the roadside a venerable old Filipino who very earnestly warned him against Filipino guerrillas whom he claimed were helping the Japanese.

Isaac Stern, noted violinist, arrived in New Castle early today for his concert tonight in the Cathedral, the first of the winter series of the Metropolitan Concert Guild.

No seats will be sold at the door tonight, admission being by membership card.

RUSH PLANES TO FRONT

AIR SERVICE COMMAND, England—(INS)—Aircraft arriving in Britain from the United States are made available for combat in half the time required six months ago. It was announced today. Planes are operated, assembled, modified and delivered to combat units in 15 days. Experience gained by personnel in the feverish rush preceding D-day is given as the chief reason.

## LOYAL JAP-YANKS SLOG IN

PROVEN TOUGH AND DANGEROUS FIGHTERS, these Japanese-American soldiers show themselves good mudders, too, as they slog along a gook road toward their new bivouac area in France, on their way to hit the Germans. Signal Corps Radiophoto. (International Soundphoto)

## Guerrillas Are Aiding Troops Of United States

By HOWARD HANDLEMAN

(U.S. Staff Correspondent)

WITH THE AMERICAN SEVENTH INFANTRY DIVISION ON LEYTE ISLAND, Philippines, Oct. 24.—Many instances of Filipino guerrillas helping American patrols to scour tangled jungles of Leyte Island for Japanese stragglers have been reported by Seventh Infantry officers.

One lieutenant who led an 18-man patrol through the jungle to the town of Rizal told me that Filipinos met him at a river with two out-rigger canoes and guided the patrol to its destination.

"Our patrol grew and grew," the lieutenant said. "And before we got through there were five Filipinos to every soldier."

Besides guiding the Americans, the Filipinos were constantly offering coconut milk to the Americans to slake their thirst.

"I never drank so much coconut milk before in my life," the patrol leader said.

He also told of meeting by the roadside a venerable old Filipino who very earnestly warned him against Filipino guerrillas whom he claimed were helping the Japanese.

Isaac Stern, noted violinist, arrived in New Castle early today for his concert tonight in the Cathedral, the first of the winter series of the Metropolitan Concert Guild.

No seats will be sold at the door tonight, admission being by membership card.

## Outdoor Decorative Holiday Lighting Will Be Permitted

HARRISBURG, Oct. 24.—(INS)—Outdoor decorative lighting during the Christmas season was authorized today by the State Defense Council providing the illumination could be snapped off in an emergency.

"Such external decoration involving lights are permissible this year so far as the State Council of Defense is concerned on the condition that the lights can be turned off if an emergency should occur," said Dr. Ralph C. Hutchinson, director, in letters to county council chairmen.

Hutchinson pointed out, however, the War Production Board had urged householders and community officials to eliminate holiday lighting to conserve power.

## Await Mediator In Local Strike

Due to the delay of a government mediator coming to New Castle, the strike of structural iron workers of the Harrison Construction company at the United Engineering company remains the same today. About 55 iron workers employed by the construction company struck last Friday over the question of whether they or the millwrights should erect heavy steel girders.

## Penn's Birthday Is Commemorated

Attractive Window Display Calls

Attention To Founder Of

Great Commonwealth

With an attractive background painted by Ralph Z. Galbreath, showing the old Willis Roy iron furnaces at Rose Point, and a woodland scene such as greeted early settlers of Pennsylvania, a splendid window has been arranged in a North Mercer street store calling attention to the 300th anniversary of the birthday of William Penn, founder of the great Commonwealth of Pennsylvania.

The window contains a number of Indian costumes and relics owned by Lawrence County people. Many of these were found in Lawrence County.

The display is being shown under the auspices of the Lawrence County Historical society.

## SARDINES FROM SARDINIA

The Mediterranean island of Sardinia gave sardines their name. Known there as pulchretti, it was the place where the small fish were prepared by soaking in brine, drying and frying in olive oil.

# MILKWEED PODS TO BE COLLECTED

Ingathering Of Dried Milkweed Pods Will Occur Thursday And Friday

County Superintendent of Schools John C. Syling announced today that arrangements have been made for storing the dried milkweed pods gathered in Lawrence county, in the county garage, the second floor of which has been available for this purpose. Those in the city who have gathered the pods, can bring them to the county superintendent's office in the court house, annex on Thursday or Friday.

All rural school pupils have been asked to bring the bags of milkweed pods to their respective schools on Wednesday, Oct. 25, where they will be collected and brought to the central storage place here. Those in the city who have gathered the pods, can bring them to the county superintendent's office in the court house, annex on Thursday or Friday.

Mr. Syling states that the pods must be thoroughly dried out. If they are not, those holding them are asked to keep them and arrangements will be made to gather them in later.

The dried pods, which have been stored in open mesh bags, should weigh five pounds per sack, Mr. Syling states.

They will be shipped at some later date to a central point for processing into filling for life preservers and jackets for our sea forces.

# Air Raid Drills In Japanese Towns

NEW YORK, Oct. 24.—(INS)—An air raid drill was held in Tokyo and two other Japanese cities today.

The Tokyo raid said at noon Japanese time (11 p. m. Monday EWT) that the drill was just getting under way in the Japanese capital at Yokohama and Kawasaki.

The broadcast announcement was recorded by the FCC.

# Mrs. Pinchot To Talk At Court House Rally

Mrs. Gifford E. Pinchot, wife of a former governor of Pennsylvania, will speak at an open rally at the court house Wednesday evening, October 25, at 8:30, on the subject "Why the Pinchots Are For Roosevelt," according to an announcement by the Independent Voters Group of Lawrence county.

The program, sponsored by the Independent Voters, will also include several brief talks by persons from this district.

## Deny Reports Of War Plant Closings

WASHINGTON, Oct. 24.—Undersecretary of War Patterson said today that "recently published war plant closings" that certain war plants owned by the government would be sold when their production was no longer needed had given rise to rumors that the plants would be closed down at once.

These rumors, he said in a statement, "occasioned unrest among some of the workers." He asserted that no consideration is being given to the sale of these plants "at this time or at any time in the near future" and that "they are needed and will continue to be needed for war."

A similar statement was issued recently by Secretary of Commerce Jones.

## Bus Body Stolen From N. P. Woodward

Like the man who lost a bass drum, N. P. Woodward, steeplejack of Harrison street, is hard put to explain his loss, his loss being a 20-foot-long passenger bus body which somebody seems to have picked up.

The bus body was parked on the warehouse area of Mr. Woodward, located at the corner of the Princeton and Energy roads in Shenango township. Apparently somebody moved in a flat-bottomed truck and with the aid of five or six men hauled the bus body away. He has reported the loss to the state police, who are investigating.

## Talk On Charm For Senior High Girls

Mrs. J. J. McVaine Addresses Assembly As Speaker In Personal Guidance Program

Speaking Monday to the girls' assembly at senior high school, Mrs. J. J. McVaine, had as her subject "Developing a Worthwhile Personality." She spoke specifically on charm with cosmetics or outward appearance for C. happiness and honor for H. associations for A. responsibility for R. and myself for M.

The assembly program was one given as a part of the personal guidance program now in progress at senior high school under the direction of Mrs. Marjorie R. Nelson.

Girls were asked to turn in questions for future programs at the close of the assembly.

## PIN-WORMS Now can be Beaten!

The misery of Pin-Worms have been known for centuries, and many doctors have sought a way to deal with this dreadful pest that lives and grows inside the human body.

Today, thanks to an important scientific discovery, a new and highly effective treatment is being hailed by medical authorities. It is based on a remarkable drug known as penta-vit, this drug is the vital element in P-W, the new Pin-Worm tablet developed by the laboratories of Dr. D. Jayne & Son, America's leading specialists in worm medicines.

P-W makes it unnecessary for you or your child to suffer in silence with the embarrassing rectal itch caused by Pin-Worms, or to take chances on the real dangers they often create. The small, easy-to-take P-W tablets act in a special way to destroy Pin-Worms.

So watch for possible warning signs such as: itching seat and more, uneasy stomach, bed-wetting, nervous fretting. If you suspect Pin-Worms, ask your doctor for a package of P-W and follow the simple directions carefully.

It is easy to remember: P-W for Pin-Worms!

## Washington Marks Penn Tercentenary

Junior High School Students Trace Contributions Of Quaker State In Honor Of Founder

Commemorating the three-hundredth anniversary of the birth of William Penn, George Washington Junior high school students this morning gave a pageant-like program which traced the contributions of the state he founded to science, art, government, industry, and to other phases of our national life.

Opening with "Deed River" as arranged by Harry Burleigh, a Pennsylvania composer, the representative observance continued as follows: scripture and flag salute, by Pauline Christos; a survey of the life of William Penn, by J. C. Ward; Pennsylvania in science, by Georgeanne Heidisch; Pennsylvania in military affairs, by Don Levine; Pennsylvania in political affairs, by Donald Sprague.

Lola Baum at the piano, Don Levine on the violin, and Tom Wland on the cello then gave a trio rendition of "Come Where My Love Lies

GROVE CITY, Oct. 24.—Less than two months after his brother, Sgt. Budd Teare, was reported killed in action, over Europe, Pvt. Marle Teare was reported yesterday killed in Italy, according to word received by his parents, Mr. and Mrs. H. E. Teare, R. D. 3. It is the first double tragedy to strike at a home in this district.

Pvt. Teare was wounded in July and awarded the Purple Heart. He had been overseas for nine months. Another brother, Carl W., is serving with the navy in the South Pacific and Eugene will report for induction October 31.

## LONG on Expenses? SHORT of Cash?

TODAY'S increased cost-of-living and the new Pay-As-You-Go Tax leave a lot less from each pay check for everyday needs. And when expenses like dental and medical care, house repairs or insurance premiums come along, they put a dent in the budget. In such cases, have you ever considered the advantages of a Personal loan? It provides \$10 to \$250 or more repayable in sensible monthly amounts.

Loans at Personal are arranged simply and privately on your furniture, auto or signature. Co-signers are seldom required. To get a loan, come in, phone or write.

## County Elevens Prep For Battles

New Castle Plays Clairton  
Friday, Shenango Goes  
To Bessemer For  
Game

### ELLWOOD PLAYS NEW BRIGHTON

Only three football games are being played in Lawrence county this coming week end. All of them are on Friday. New Castle plays Clairton at the stadium at 8 o'clock and Ellwood takes on New Brighton at Lincoln field at 8 o'clock, while Friday afternoon, Shenango goes to Bessemer for a county championship battle at 3 o'clock.

This will be the final home game for the New Castle "Red Hurricane" and a large crowd is anticipated. Clairton will bring a powerful team here with a five-game winning streak. New Castle fresh from upsetting Perry High will be out to make it two wins in a row Friday.

The biggest worry to New Castle is finding a set of able backfield men to carry on what with Pannella, Walls, Garberry, Flora and Benigas with injuries.

**Ellwood Must Win**  
Ellwood City must win from New Brighton or drop from the select group of undefeated Class AA title contenders. This looks like a big assignment as New Brighton has proven tough this year, tying the big Ambridge team 7-7, and winning from such teams as Butler, Monaca, Rochester and Midland.

Ellwood having called off the Ali-quippa game last Friday due to rain, will be able to field a team Friday that is well rested up. Coaches Gills and Wallace are giving special attention this week to the forward passing attack. New Brighton has a weak passing defense, it is reported.

### Shenango At Bessemer

Bessemer will be shooting for another Lawrence county football championship Friday at the Bessemer field when they oppose the Shenango High team at 3 o'clock. Bessemer having upset Union 20 to 0 and Shenango having dropped to Union 12 to 7, gives the Cement Toppers the edge, it would seem.

But Shenango has a habit of upsetting the favorites of the top-notchers and Coach Eddie Nahas and his East New Castle team may cause a big commotion at Bessemer.

It could be a three-way tie if Shenango wins at Bessemer. What will happen?

Professors in early European universities were hired by the students.

## CAMPFIRE CORNER

STRETCHING GAS

Some north woods regions are literally swarming with whitetails at this writing and in most other areas where the antlered clan is hunted the deer population at least approximates normal figures. Yes, the game is there; the big question for the average hunter is how to get in to deer country to bag it. Typical of letters I've received is one from a hunter in Michigan, who would like to go after venison if he had adequate transportation.

### Gas Scarcer Than Shells

"I think the people in this end of the state will be left sitting at home, as the gas situation is worse than the shell problem for most deer hunters," he complains. "I recently wrote to the conservation department and all they did was send me a game law book, which you get when you buy a hunting license."

"I think somebody was passing the buck. I hate like everything to miss getting a deer if it's humanly possible. Some fellows can get all the way to Dakota by plane to go hunting and resorters are driving big cars out here constantly. They certainly are not doing it on a coupon gas."

"Perhaps some arrangement could be made to pool our coupons. If you really go deer hunting and camp out in the woods you can't go on the bus or train, because you have to take too much equipment."

**Some Satisfaction**  
This writer can hardly blame the Michigan conservation department for not providing him with gas for deer hunting. Fueling autos is not within its province.  
"Nor does it avail him anything to get all riled up because someone else is chiseling on the war effort, though it must be admitted that there's plenty of provocation. I, too, have seen cars from distant states this summer—autos from Kansas, Nebraska and even Florida, parked at fishing centers in northern Minnesota, and wondered by what Divine right those people could travel so many miles while I was stymied in one spot much of the time for lack of gasoline. However, there's still a war on and the satisfaction of knowing one has heaved to the line in trying to help win it should mean more than a few fish or ducks, or even a deer this year."

The problem is not without a solution, however, and despite my correspondent's pessimism the hunter who is determined enough can make arrangements to go by train or bus, keeping equipment to a minimum and planning his trip carefully, perhaps, with the aid of a farmer near whose place he has hunted before. Or several fellows can pool their gas and get to the woods that way, consoling themselves with the thought that justice is usually blind and that the inconveniences to which they're put are hastening the end of the war.

## Postpone Junior High Game For Second Time

Weather Causes Postponement Of Game Scheduled Tonight Until Saturday Night

(BULLETIN—1 P. M.)

Rain today caused the second postponement of the Ben Franklin-George Washington Junior High football game at Taggart stadium set for tonight. The game will be played on Saturday night at 8 o'clock (weather permitting).

A consultation of the officials of both schools at noon today resulted in calling off tonight's game. The bugaboo of further needless injuries to the schoolboys on a wet slippery field was the main reason for the postponement.

## Men Leading In Swimming Contest

The men swimmers in the national "Y" swim contest hold a good lead over the boys for the first week's results, with a total of 3,953 lengths for a total of 61,060 yards, while the boys' team has 2,339 lengths for a total of 46,780 yards.

Tom Jones and Jim Peers paced the men to a good start for the first week. For the boys it was David Rowe, Fred Martin and Tom Hares that kept the other boys on their toes.

The Junior B and cadet classes have done a big job in the contest for the first week as these two classes turned in the most yardage and the most number of lengths.

Saturday's results showed the boys' team with 845 lengths for a total of 16,900 yards, while the men's team turned in 478 lengths for a total of 9,480 yards. The boys' team was on the move and regardless of the first week's results the boys still have a very good chance to cop the race. David Rowe, Wilbur Erwin and Fred Martin in the Jr. B class turned in 136 lengths while in the cadet class Jack Kirkwood, Wayne Roberts, Stanley Smidowski and Alan Mitchell had a good close race for the younger swimmers.

With the start of the second week in the contest the interest will be keen and a lively week of swimming is expected at the local "Y" this week. The contest closes Saturday, October 28.

## Jimmy Ludwig Is On Prep Eleven

LATROBE, Pa., Oct. 24.—James Albert Ludwig, son of Mrs. Ethel Ludwig, 1504 Highland avenue, is a member of the St. Vincent prep varsity football squad. Jim fills the slot of guard for the prep and has seen plenty of action during the past season.

He is enrolled in the academic course and is outstanding in his classes. Besides his regular class work, he also finds time to take part in the Glee club.

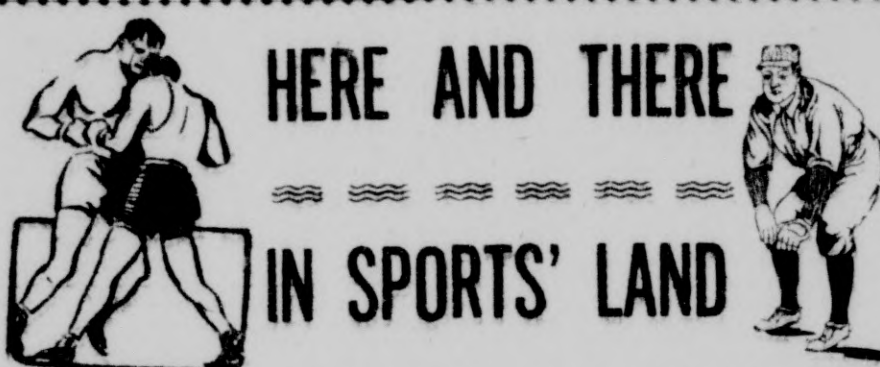

**PT OFFICER REASSIGNED**  
Lt. Harry Light, former William & Mary athlete and Penn State's V-12 athletic officer, has been assigned to the Navy's rehabilitation training program at Sampson, N. Y.

**KEEP LOOKING, BOB**  
Penn State's Bob Higgins is confident a play-designing football coach will draw the first perfect circle.

## Suspended

**JOHNNY BUTLER**, one of the flashy backs on the University of Tennessee team in 1940, has been suspended by the Steelers-Cardinals pro grid team for failing to appear at practice sessions. Butler also was fined \$200. Fining of Butler and two other players brought a strike of the entire squad but an agreement was reached. (International)

**MEET** up with Paul McCullough, pitcher, several days ago and when he was asked why he had not hurled against the Johnson Bronze for the I. A. M. in the opening of the series, he asserted: "I was at home, got into uniform and sent a nephew to tell 'em that if they wanted me to pitch, I'd be there. I did not want to load around for a game during a cold afternoon because I am a warm weather pitcher." Paul maintained that something must have crossed up the "signals" because he wasn't pegged. The Johnson Bronze with Mike Diffey as manager, now holds the championship of the City Baseball League having captured the crown from the I. A. M. in a three-game series. Peterson pitched all games. The season will go down in local baseball history as one filled with squabbles. The end of the first half found a dispute on and the only manner in which a "champion" could be determined came through a decision of the board of managers to stage a Shaughnessy play-off which was done.

**Journeying** around the Sport Rialto we collided with Lefty Arnold. Remember him? Should you not know Lefty, his last name is Horchler and in his day he was some "knockeroo" pugilistically. He featured in the days of the Jolly bowl and of 15 fights he turned in 13 knockouts. His last fight was with Frankie Stellmack of Cleveland, a seasoned veteran who defeated the local southpaw. Lefty is doing war work at Forney's.

**Clint White**, the fish protector, reports that pike are being taken in the Sandy. He says the Northerners can be located by journeying through the lake town then following the stream. White is kept busy journeying from one to another section and he is always ready to say where fish are and where there are not fish. He said he couldn't cheer over the situation here. He said he had been told by some that there were fish in some districts where others reported there were no fish this season. He said trout may live but they will not propagate around here.

**Annual major league draft meeting** will be held in Chicago November 1. . . . Churchill Downs fall meeting is under way. . . . Tony Janiro flyweight who boxed here, beat Sant Bucca of Philadelphia, in a pro in New York. He fought two weeks ago but lost to Al Giodo in New York. . . . He is a brother to the boy called Frankie Genaro who boxed here several times when the Jefferson A. C. held fights in The Arena.

## McNutt Is Given Fight Decision

PHILADELPHIA, Oct. 24.—(INS)—A series of sharp left uppercuts which slashed Philadelphia's Johnny Walker to ribbons proved the margin of victory today which gained Van (Boob) McNutt, of New York, the decision in their 10-round wind-up at the Philadelphia Met.

McNutt at 156, a half-pound more than his opponent, was on the verge of a knockout himself when he was staggered by hard-hitting Walker in the fifth but jabbed his way out of trouble before 2500 howling fans who paid \$4857.

In the co-windup, New York's Freddy Archer, 146, defeated McCoy Jones, Philadelphia, in eight rounds.

**CHURCH GIVES BREAD**  
For years the parish church of St. Andrews, Ashburton, England, has given a four-pound loaf of bread to all who attended Friday morning prayers.

## State To Battle West Virginia

STATE COLLEGE, Pa., Oct. 24.—Penn State and West Virginia will meet in football for the 13th time here Saturday.

Penn State holds an 8-3 edge in the series, with the only tie a 13-13 stalemate in 1923. The first game was played in 1904.

## Name Revolver Officers Tonight

Officers to serve one year will be elected at 8 o'clock tonight by members of the local Revolver club which will hold the election in the Cathedral, according to Adjutant Charles Branton. Regular club activities and basic training school will also be conducted.

On January 1 of this year there were 82,000,000 cattle on farms and ranches.

## Fair Or Foul

By LAWTON CARVER

(International News Service Staff Editor)

NEW YORK, Oct. 24.—(INS)—

Bigello H. LaGuardia, revered mayor of New York City, has been blowing his barzo again on the subject of "thieving, tinhorn gamblers," and his complaint is especially timely today since it came in the wake of an accusation by Prof. Allen, Kansas University basketball coach, that college court teams have thrown games at Madison Square Garden. Gambling in Gotham, it seems, is getting to be revolting.

Gambling in any city is one of the more unusual subjects of conversation, since, to paraphrase Mark Twain, everyone talks about it but no one does anything about it. Allen came out with the flat statement that court teams have taken to the tank for pecuniary considerations and he has backed down.

### Serious Charges

New York is open to charges of gambling as it very well should be chiefly because of the Broadway crowd, or part of it. There are men on the main stem whose life and passion is gambling. You can see a great many of them in Madison Square Garden on the night of any fairly important Garden sports program, dickering and bargaining over the odds, while a platoon of cops thirty yards away handles such an awesome problem as the traffic on Eighth avenue.

To get back into the phog, Allen has implied that New York newspapers and newspapermen have hidden evidence of criminality connected with basketball games. Something like the New Year's Eve celebration who has just been flung by the heels into a bathtub full of broken ginger ale bottles, we feel rather gloomy about this. Our sadness is further weighted by the fact that Mayor LaGuardia, without meaning to, is butting his head against a stone wall.

If gambling is to be eliminated in New York, (thus wiping out a major industry and putting untold thousands of needy bookies out of work) the characters who are seriously against this pastime ought to get to work. Allen ought to be made to prove his charges or get out of the game which has given him so much, and the mayor, if he could get time

## Seventh Ward

## 'Intermediates' At Ruth Daniels' Home

Members of the Loyal Intermediate church school class of the Methodist church, taught by Mrs. C. M. Booher, were entertained during the week-end at the home of Miss Ruth Ann Daniels, 411 Waldo street. There was a good attendance.

The devotional period was led by Mrs. Booher.

Games of contest were the diversions of the evening and prizes were awarded.

A delicious lunch was served by the hostess, assisted by her mother, Mrs. David Daniels.

The next social meeting is scheduled for November 18 at the home of Miss Theresa Sparano, 220 North Liberty street.

## HONOR MOTHER AT HER ANNIVERSARY

At the home of Mr. and Mrs. Nick Rainey, of 9 Darlington avenue, the family gathered during the week-end. The occasion was in the form of a surprise party on Mrs. Rainey on the celebration of her birthday anniversary.

Games and music were the diversions of the evening.

A splendid lunch was served by the daughters, Mrs. N. Perrott, Mildred and Virginia Rainey and Mrs. Alma Fulton. A lovely birthday cake graced the table.

The honored guest received many beautiful gifts from members of the family. A bouquet of roses was sent by her son, Cpl. Clyde C. Rainey, of the U. S. Marines, stationed in Guam, and a beautiful handkerchief from her son, Robert Rainey, seaman second class, stationed at Norfolk, Va.

## GRAND AUXILIARY TO MEET

Members of the Grand International Auxiliary to the Brotherhood of Locomotive Engineers will gather at 1:30 Thursday afternoon in the Y.W.C.A. following the business session, a luncheon will be served. The committee of arrangements is Mrs. J. T. Clark, chairlady, Mrs. C. G. Anderson, Mrs. Victor Beahm, Mrs. L. E. Burleson.

**FATHER DIES IN NEW JERSEY**  
Mr. and Mrs. Louis Natale of 514 North Cedar street have left for Plainfield, N. J., where they have been called on account of the death of Mrs. Natale's father.

## SEVENTH WARD PERSONALS

Mrs. Marie Cynnar of 210 South Wayne street has been admitted to the New Castle hospital.

Put. Gayle L. Goad has returned to Camp Shelby, Miss., after ten days furlough spent visiting at the home of his parents Mr. and Mrs. H. W. Goad, 611 North Ashland avenue.

Ann DeCarlo of R. D. 7, Mahoningtown, has entered the New Castle hospital for treatment.

George Vericella of 513 North Cedar street, who has been confined to his home for about ten days, has recovered nicely and is able to be out.

Constance Merlino of 213 South Cedar street has been admitted to the New Castle hospital.

Mr. and Mrs. Howard Elliott of Boyles avenue have moved to R. D. 7, Mahoningtown, Powder Mill road.

Mrs. Concetta Matteo of 218 South Liberty street has entered the New Castle hospital.

Victoria Macrozzi of 517 North Cedar street, who underwent an operation at the New Castle hospital and was later confined to her home, has recovered and is able to return to school.

Peter Small of 1065 North Ashland avenue has recovered sufficiently to return to his home from the New Castle hospital.

STOCK MARKET  
TONE STEADIER

NEW YORK, Oct. 24.—(INS)—The stock market steadied today after the severe shakeout of yesterday, one of the worst of the year.

In a few instances, such as DuPont, up a point to 155, and Bethlehem and Atchafalaya, up fractions, leads managed to go higher. But generally quotations were a shade lower in all divisions, especially rails and utilities.

NEW OIL CLARIFIER (INS)—An ingenious oil clarifier, invented as a result of the North African campaign, is helping to keep Allied war planes operating at peak efficiency over the continent, it was announced today.

Dirty and dust in the African air fouled aircraft oil so critically that American designers went to work on the problem. The result was the clarifier, now installed in most Allied war planes. It removes carbon and sludge from oil, prevents reluctant excessive wear and tear on engines.

THE JAMES BOYS CINCINNATI, O.—(INS)—George Washington and Jesse and Frank James work side by side at the Wright Aeronautical Corporation's big cyclone engine plant at nearby Lockland. Booker T. Washington is there, too.

WASHINGTON, Oct. 24.—(INS)—The Navy announced today that a new model of the famous Grumman "Hellcat" fighter plane has gone into action with spectacular results both in Europe and the Pacific battle areas.

The new model, the F6F-5, is faster, more sturdy constructed, and easier to handle than its forerunner, particularly at high speeds.

In a recent action over Iwo Jima in the Volcano Islands, a Navy squadron, composed mostly of the new Hellcats, shot down 33 out of 40 Jap Zeros while losing but two pilots and four planes.

The new Hellcats played an important role during the landings in southern France, from their bases on two baby flat-tops, the Tulagi and the Kasaan Bay.

The Tulagi's squadron destroyed 487 Nazi motor vehicles—everything from tanks to ammunition trucks—and, armed with rockets in addition to bombs, destroyed or damaged 23 locomotives and 195 railway cars.

The new planes knocked out eight Nazi forts and gun emplacements, and shot down six German planes—all they saw in the air.

The new Hellcats are being mass-produced by the Grumman plant at Bethpage, L. I., and all newly formed Navy fighter squadrons are flying them. Thus, it is expected that the earlier version of Hellcat fighters will eventually disappear altogether in combat areas.

VERBOTEN Among the things forbidden in Norway by the Germanized police is to whistle, shout or make provocative remarks about German soldiers, or to sing the King's anthem.

Refrigeration anesthesia in surgery is saving lives.

Three million bats live in the Carlsbad Caverns of New Mexico, according to estimates.

Emergency landing mats for the a-ters of operation where equipment must be carried by air are now made from aluminum alloy, which weighs about 50 per cent less than similar steel mats.

SOUVENIR ERIE, Pa.—(INS)—The one treasure among a collection of Jap souvenirs which Pvt. Vic John Stumpo probably never will tire of displaying is a pocket from his own fatigues uniform containing a little round hole—made by a Nip bullet.

The wound was only slight, he explained in a letter to members of his family, to whom he has been sending all sorts of Jap trinkets gathered in his 27 months service overseas.

# U. S. Now Knows Robot Secrets

But, United States Will Not Think Of Using Any Bombs That Destroy At Random

CHICAGO, Oct. 24.—(INS)—The American army has solved all the mysteries of the Nazi robot vengeance bomb, V-1, but as for its use by Yank forces, it is "no, thank you," military officials said Monday, explaining.

"We have no interest in a weapon which destroys at random."

The American mind, they said, tends to accurate destruction of military objectives only, not in hitting homes and civilian populations.

Col. Nelson S. Talbot, commanding officer of the Army Air Forces Technical Service Command in Chicago, said experts of the Command at Wright Field, Dayton, O., not only had reconstructed the robots by salvaging fragments of the bombs, but actually had flown them experimentally.

**Fire Power Revealed**  
Not only that, but they intend to carry out firing tests on sites constructed by the corps of engineers. Some of the robots will be fired with war heads furnished by the Ordnance Department.

The robot consists of a highly streamlined fuselage with stubby wings, over which is mounted a tube containing an impulse jet engine. Power plant engineers doped out the details of the engine and had one running at Wright Field only 17 days after the pieces arrived.

Motive power is furnished by a series of rapid explosions in a combustion chamber and the bomb after it is launched, is controlled by a compass device pre-set for direction by a gyro control functioning as an automatic pilot. The great trouble is that cross winds deflect the course of the bomb and accuracy rarely is possible, army men said.

# Tornado Fells Trees In Orlando, Fla.

Four Oaks And Other Trees Downed In Yard Of Home Of Mrs. Grace Phillips Johnson

The winter home of Mrs. Grace Phillips Johnson in Orlando, Fla., suffered damage in the recent tornado, not to the house itself but to the large trees in the yard.

Two large oak trees were blown down, the tops taken out of two other oak trees as well as out of an arbutus tree. Limbs and fruit were also blown down.

Many windows were blown out of buildings throughout the business section of Orlando as well.

## Sgt. F. G. Doerr Back In States

Tail-gunner On Bomber In Mediterranean Theater Expects To Get Home This Week

Sgt. Frank Gibson Doerr, son of Mr. and Mrs. Frank L. Doerr, of 433 Winter avenue, arrived back in the states Sunday, landing at Newport News, he informed his parents in a telephone message yesterday.

Sgt. Doerr and the nine other men in his crew went through their 50 missions in the Mediterranean theater, without receiving a scratch, he reported and the same group which left the states together returned together.

In spite of the fact that they escaped unscathed, they had many thrilling adventures. On one occasion, they were forced to make a landing inside German occupied territory in Yugoslavia, but were guided to safety by patriot forces there, getting out in three days. He expects to be home on an extended furlough some time this week.

## New Castle Seamen Were On USS Texas

Among the returned crew of the USS Texas, the huge pre-World I battleship which suffered a direct hit from a German battery on her conning tower off Cherbourg but went on hurling 14-inch shells at the Nazis, are two New Castle men, Seaman 2-C Robert Lemuel McQuiston, R. D. 3, and Seaman 2-C Louis Rechech, R. D. 7.

# New Castle Officer Shows Marines How To Hunt Down Japs

Patrolling, Infiltration And Concealment Keep Marine In Fight Longer

(Special To The News)  
**CAMP LEJEUNE, N. C., Oct. 24.—**When you fight a war the Marine way, against an enemy as treacherous as the Jap, certain rudiments of warfare become more important than they ever were. Not the least of these is scouting and patrolling.

No effort is spared to see that the Marines who ship overseas from this big base are fully prepared for the scouting and patrolling duties awaiting them.

One of the officers now directing this training is Second Lieutenant Gerald T. Chirazzi, 22, of New Castle, Pa., an alumnus of Pennsylvania State College.

In Lieutenant Chirazzi's course, students are taught individual movement, day and night patrolling, infiltration cover and concealment, camouflage, and other subjects which will increase the Marine's fighting efficiency and keep him fighting longer.

The husky officer, a graduate of Evander Childs High School, Bronx, N. Y., is the son of Mr. and Mrs. Anthony T. Chirazzi of 933 Adams street, New Castle. He was a football player and swimmer at Pennsylvania State.

## L. B. Round Wins Boy Scout Award For Region Work

For his service to Boy Scouting in Region III, of Boy Scouts of America, Louis B. Round was one of ten persons to be awarded the Silver Antelope at the twenty-fourth regional conference which met at Philadelphia on October 20. This regional award was recently developed to supplement the awards of the Silver Beaver, for local work, and the Silver Buffalo, for national work. The presentation in Philadelphia was the first in the country.

Mr. Round already holds the Silver Beaver for his work in helping to organize the local Boy Scouts council in 1921. For several years after the founding of the council, he served as its president, and is now a member of its executive board, as well as chairman of its camping and activities committee.

Besides his work with the local council, Mr. Round has been a member of the Executive committee of Region III since October, 1933, and is a member of the National Council.

Attending the conference at which Mr. Round received his award were T. G. Allen, executive of the local council, and A. H. Mellor, vice president of the council.

## Husbands Are Getting Scarcer, Says Census

WASHINGTON, D. C., Oct. 24.—Check up on the train schedules, girls—you'd better leave for the west as soon as possible if the idea of spinsterhood is beginning to frighten you. The east, especially in the cities, is no place for you.

According to the Census Bureau, the Army's clean-out of eligible civilians has really been thorough, for only about 1,700,000 unmarried men between the ages of 20 and 34 are still in circulation. On the other hand, there are about 4,000,000 unmarried women in the same age group.

This feminine majority extends to the whole population, the Census Bureau finds: Not just to the young unmarried groups. Altogether, there are 600,000 more women than men in the country—and that includes soldiers!

Out west, the report continues, the number of men increases, and small towns show a better percentage than do the metropolitan areas. Washington, as if you hadn't heard, has about the worst competition in the country. Maybe the OPA ought to ration husbands, too.

## Still Decrease In Traffic Accidents

Lawrence County Shows Decrease In Rural Areas For First Eight Months Of 1944

Going along with the general state-wide trend toward fewer traffic accidents this year, Lawrence county differs from much of the state in that it shows a decrease in rural accidents and an increase in urban accidents during the first eight months of this year, according to a report from the Bureau of Highway Safety.

In the rest of the state, the rural areas have an increase of 5.4 per cent in the total number of fatalities, while the urban areas have a decrease of 9.1 per cent.

During the month of August, 34 persons lost their lives in traffic accidents—15 fewer than the total for 1943, the report continued. However, the rural areas show an increase of four deaths, while the urban areas show a decrease of 19 deaths.

Lawrence county, during the first eight months of this year, has a record of eight persons killed, while in 1943 the record was 11 persons killed. This total represents a decrease of four deaths in the rural areas and an increase of one in the urban districts.

Seven pedestrians were killed in

## Crossing Of Rhine Will Doom Hitler

STATE COLLEGE, Pa., Oct. 24.—(INS)—A former officer in the German Imperial Army and now a professor at Pennsylvania State College predicted today that the

German people will turn against Reichsfuehrer Adolf Hitler when Allied armies cross the Rhine river.

G. J. Wurfl, professor of German whose son is now with the U. S. Army Air Forces in England, said the collapse of Nazism would enable the Allies to escape fighting their way into Berlin.

"When the Germans are knocked out of their fortifications along the right banks of the Rhine river, the masses of people—many of whom

follow Hitler only through fear and coercion—will realize the futility of prolonging the fight to the last bullet," he declared.

After the Rhine river defenses were breached, Wurfl added, the people would be convinced that their chances for a "miracle" had passed.

It has been estimated that the total amount of light given by a full moon is less than 1-300,000th that of the sun.
